INFORMATION FOR ONLINE TESTING

To register for an online placement exam, please send your name, your UNT ID number, the language you are testing for, and your requested testing date to: *worldlanguages@unt.edu*.

(Those taking the test in Chinese have the option of either traditional or simplified characters).

IMPORTANT CHANGE: As of November 2011, students who have previous credit in a language are allowed to take the department placement exam for additional credit. You may not earn credit for the same course from multiple sources, but you may, for example, take 1010, decide you'd like to see if you can place ahead, place out of 1020 and earn credit, and take 2040 the next semester.
